Lectures on the several branches of Natural Science will be deliverd at regular and stated periods.

A Normal Class will be formed (when required,) and special attention will be given to those who may wish to prepare themselves for the important duties of teaching.

A Biblical Class will also be formed for the benefit of such as have the Ministry in view.

Location.

Williamsport is one of the most beautiful and healthful places in the State. It has never been subject to epidemics of any kind. No student has hitherto suffered in health by a residence here. On the contrary, many, coming to the School sickly, have returned fully restored. In point of intelligence and morality the citizens will compare favorably with those of any other place. The location is central and accessible from all quarters. The Railroads, almost completed, will soon bring us within a few hours ride of Elmira, Danville, Pottsville, Harrisburg, Hollidaysburg, Philadelphia and Baltimore. The most distant of these places are *now* within a few days travel. No more desirable position for a Seminary of Learning can be found.

Organisation.

The School is organized on the most approved plan, of the best Institutions of New York and New England. It embraces both sexes, under the same government and instruction. The Principal's family and the Assistants, occupy apartments in the building and have a constant oversight of all the Students.

The Ladies' private and public rooms are entirely separate from the others, and there is no association of the sexes but in the presence of their Instructors. *The Ladies and Gentlemen, have less freedom of intercourse here than at home.*

The happy influence, *mutually exerted* in their slight association in the recitation-room, at the table, and in the public exercises of the Chapel, is to be seen in the cultivation of a cheerful and amiable disposition,—in the formation of good habits and manners,—in ardent devotion to study—and in the attainment of high moral character. These, with many other valuable results, have established the fact, that, the best plan for a school, is, according to the evident design of Providence in the constitution of society, on the basis of a well regulated, christian family. *Ladies*, equally with gentlemen, are benefited in this arrangement.

Accommodations.

The Institution is furnished with a fine building for school purposes,

and a large and commodious Boarding House; both of which, are brick, and are heated by furnaces in the cellar. The rooms are large and well ventilated. In the entire arrangements of the buildings, great care has been had for the comfort and health of the occupants. The grounds contain about six acres, affording sufficient room for exercise and play.

Boarding &c.

The Trustees have been able to make new arrangements in the Boarding Hall, by which a large expense will be saved to the student. By the following list of prices, it will be seen that our total expense is quite as low as that of any Institution of like grade in this state; not excepting those schools in which cheap scholarships have been sold. We desire and intend to bring down the cost of education to the lowest point possible, and thus afford to the masses, sound, intellectual and moral culture.

1. The student must be well recommended as to moral character. The school is not designed to be a House of Refuge.
2. Must arrange, with the acting Treasurer all bills.
3. Must be willing to take at least four studies; unless excused by the Board of Instruction.
4. Must give assurance of compliance with all the Rules and Regulations of the School.

N. B.—Each student will be considered a member of the Institution, until due notice shall have been given of intention to leave.

Apparatus.

The Seminary is furnished with a superior collection of Apparatus, together with full sets of Globes, Maps and Charts, and a good Cabi-

net of Minerals, thus affording every facility for illustration and experiment in Geography, Astronomy, Philosophy, Chemistry, Anatomy, and Physiology.

Discipline.

The Discipline is mild, but firm and impartial. While every encouragement will be given to the orderly and studious, and due allowance be made for youthful indiscretions, yet the lawless and refractory, cannot long remain among us.

Religious Services.

Every student is required to attend the religious services at the opening and close of school, each day, as well as public worship twice every Sabbath, *at such place as parents or guardians may designate.*

N. B.—Each student must be supplied with a Bible, to be read, *without note or sectarian comment,* in the morning and evening services of the Chapel. The whole school read in concert.

Literary Societies.

Besides the regular weekly exercises in Composition and Declamation, there are four flourishing Literary Societies in the Institution, the "Belles Letters," "Gamma Epsilon," "Tripartite-Union," and "Eclectic," each of which prepares and reads to the school a paper once a month.

Merit and Demerit.

A strict record is kept of all the exercises of the school, from which record, the students will be graded, and their scholarship will be indicated in the annual Catalogue.

A record of demerits also is kept. Tardiness, unexcused absences from required exercises, and all disorderly conduct, will subject the student to demerit marks. Five such marks will bring a public reproof before the Faculty; ten, a reproof before the Ladies and gentlemen, as the case may be; fifteen, a public reprimand before the whole school, and twenty will send the offender away.

To Young Men.

Several steady young men can have employment in the Institution and thus meet a large portion of their expenses. Schools also, can be had by Ladies or Gentlemen who desire to teach. Frequent applications are made from a distance for competent teachers.

Calendar.

The Academical year is divided into three Terms, commencing as follows:

Fall Term, August 24th, 1854.
Winter Term, December 4th, 1854.
Summer Term, March 16th, 1855.
The year will close June 27th, 1855.

A Word to Parents.

1. Try and have your children here at the commencement of the Term. The classes are then formed, and it will be better for all concerned, for the student to start regularly with his class.

2. If possible, do not call them away during the session. Absence, if only for a few days, disarranges the classes, and is generally the beginning of irregularity on the part of the scholar.

3. Supply them *very sparingly* with spending money. The free use of money is one of the greatest banes of a school, and a fruitful source of evil to the student. Parents cannot be too cautious on this point.

4. Select for your child, one of the Instructors, as a Patron to distribute his funds. In this way a more judicious use of your money will be made, and your child be kept from many temptations.

N. B.—These last two suggestions are to be regarded as established rules of the school.
